

The Genuine Contact Way

The Genuine Contact Way™ Project

A Book and Multi-Sensory Experience launching May 2010

Dare To Change and Grow In New, Systems-Busting Ways

The Genuine Contact Way is a consciousness technology that assists the reader in accessing and working from their potential for joy, creativity and productivity. As you learn about simple tools and frameworks that are easily customized to your individuality, you will discover increased personal empowerment and how to create the conditions to thrive. As you achieve greater personal success, you will learn how to develop more effective, life nurturing organizations and tangible organizational breakthroughs.

Within the Genuine Contact Way, Birgitt Williams, co-founder of the Genuine Contact™ program and approach, delves into the underlying principles and beliefs of Genuine Contact. For someone newly introduced to the Genuine Contact Way, she leads you on a journey of understanding the container for the Genuine Contact Program and the power of its simple tools and approaches. For those already working with the Genuine Contact Program, The Genuine Contact Way gives you insight into the untapped possibilities of the tools and approaches you are already experiencing amazing results from.
